

BE PART OF THE RISE OF MEDICAL & WELLNESS TRAVEL AT QTM 2025

Qatar Travel Mart 2025 (QTM) introduces a dedicated Medical & Wellness Tourism Zone, a special area to spotlight health resorts, rehabilitation retreats, and wellness destinations offering recovery, rejuvenation, and medical-support services.

This zone gives exhibitors in medical and wellness travel a platform to present to an expanding international audience seeking premium, trusted, and holistic healthcare experiences.

Why Qatar? Why Now?

Qatar is gaining global recognition in medical travel, led by Aspetar, the world-class orthopedic and sports medicine hospital. Accredited as a FIFA Medical Centre of Excellence since 2009, Aspetar provided exclusive care for all teams and VIPs during the FIFA World Cup Qatar 2022 and attracts top athletes worldwide for advanced treatment and rehabilitation.

QATAR'S VISION EXTENDS BEYOND HOSPITALS, OFFERING:

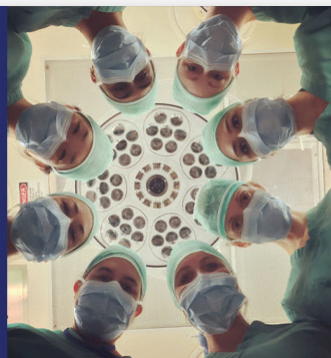

- State-of-the-art health and recovery facilities
- Luxury wellness resorts in serene natural settings
- Strong infrastructure and international connectivity
- A safe, culturally rich, and welcoming environment

Supporting Industry Growth

With the German Medical Wellness Association (dmwv.de) championing global standards in wellness and health tourism, QTM creates a platform uniting brands and destinations shaping the future of wellness travel.

The Medical & Wellness Tourism Zone offers early movers a chance to lead the region's growing health tourism sector.

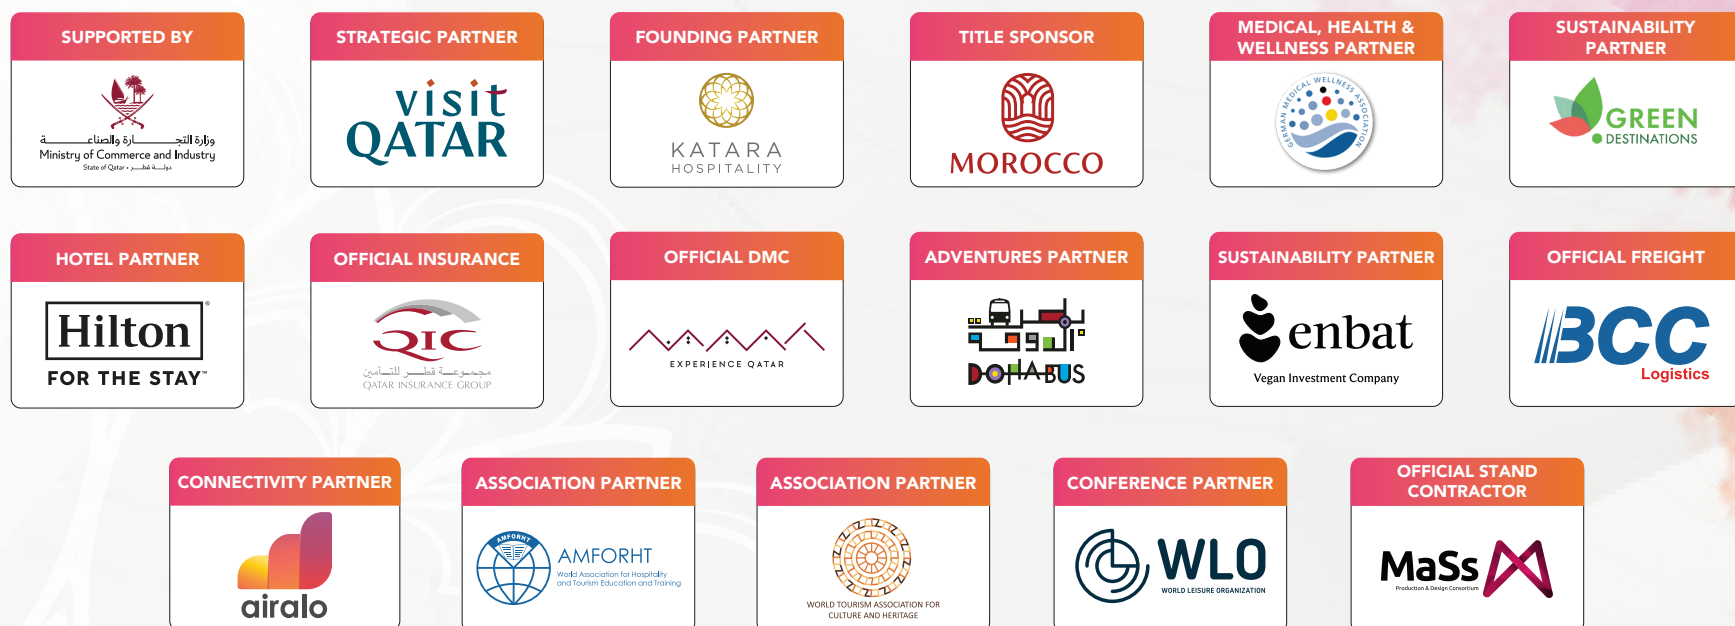

If your destination, retreat, or resort offers wellness or medical-aligned experiences, QTM 2025 is the perfect place to connect, present, and grow your international presence.

We are proud to welcome the **German Medical Wellness Association** as our **Medical, Health & Wellness Partner** at QTM 2025.
